

# Company Presentation

"We have to work with the best to produce the best"

“

## “Short Introduction”

Alisra Automotive spare parts production started production in 1989 and adopted the principle of confidently following the desired path under the difficult conditions of those years without sacrificing continuity and quality in production.

## “History”

1989

The adventure started by Alaattin ALTAN with a mechanical lathe on a production area of 50 m<sup>2</sup> within the borders of Anadolu Sanayi in Konya.

1990

The number of 6 mechanical lathes has been reached in a production area of 100m<sup>2</sup>.

2007

The first CNC lathe was purchased while moving to a production area of 250m<sup>2</sup>. Production continued with 3 fully automatic lathes and 3 mechanical lathes.

2010

While moving to 500m<sup>2</sup> area, the number of 3 CNC lathes, 4 fully automatic lathes and 4 mechanical lathes has been reached.

2015

We moved to BÜSAN Organize Sanayi to a 1000m<sup>2</sup> area with 5 CNC lathes, 7 fully automatic lathes and 2 mechanical lathes.

2020

Production continues with firm steps with 12 CNC lathes (7 hand operated, 5 bar feeders), 5 fully automatic lathes and 2 mechanical lathes in an area of 1000m<sup>2</sup> in Kobisan 3 Industrial Zone.

“

## “Our Mission”

... is to manufacture turned parts and assemblies with the highest standards of quality, technical complexity and cleanliness while always maintaining continuity. With our wide and varied machine park, we produce in all branches of industry and offer our domestic and foreign customers the opportunity to deliver the desired product.

 **ALISRA**<sup>®</sup>  
Otomotiv Yedek Parça İmalat Sanayi

“

## “Our Vision”

...by adopting the Industry 4.0 concept; professionalize industrial production with our R&D studies to increase efficiency, automation, internet of things, augmented reality, additive production, quality and digitization.

“

## “Our Goals”

### ***What we want:***

We want to be long-term and permanent in the Turkish and international sector.

### ***Machine Park:***

We want to continuously develop and expand the machine park.

### ***Certificates:***

We want to complete the necessary certificates for ISO 5001 and the automobile industry.

### ***Production area:***

By adopting a human-oriented approach, we want to expand our production area capacity as an environmentally and human-friendly business model.

### ***Employment:***

We aim to help our personnel who want to improve themselves by providing job opportunities to their career development.

## “Features which define us”

- Knowledge
- Fast reaction time
- Unlimited production
- Sharing technical knowledge and experience
- Investment and education opportunity for young people
- Ability to adapt to the conditions brought by time
- Fast and trouble-free solution suggestions
- The advantage of performing additional processes (galvanized, cemented, etc.)
- Hassle-free warranty and complaint process

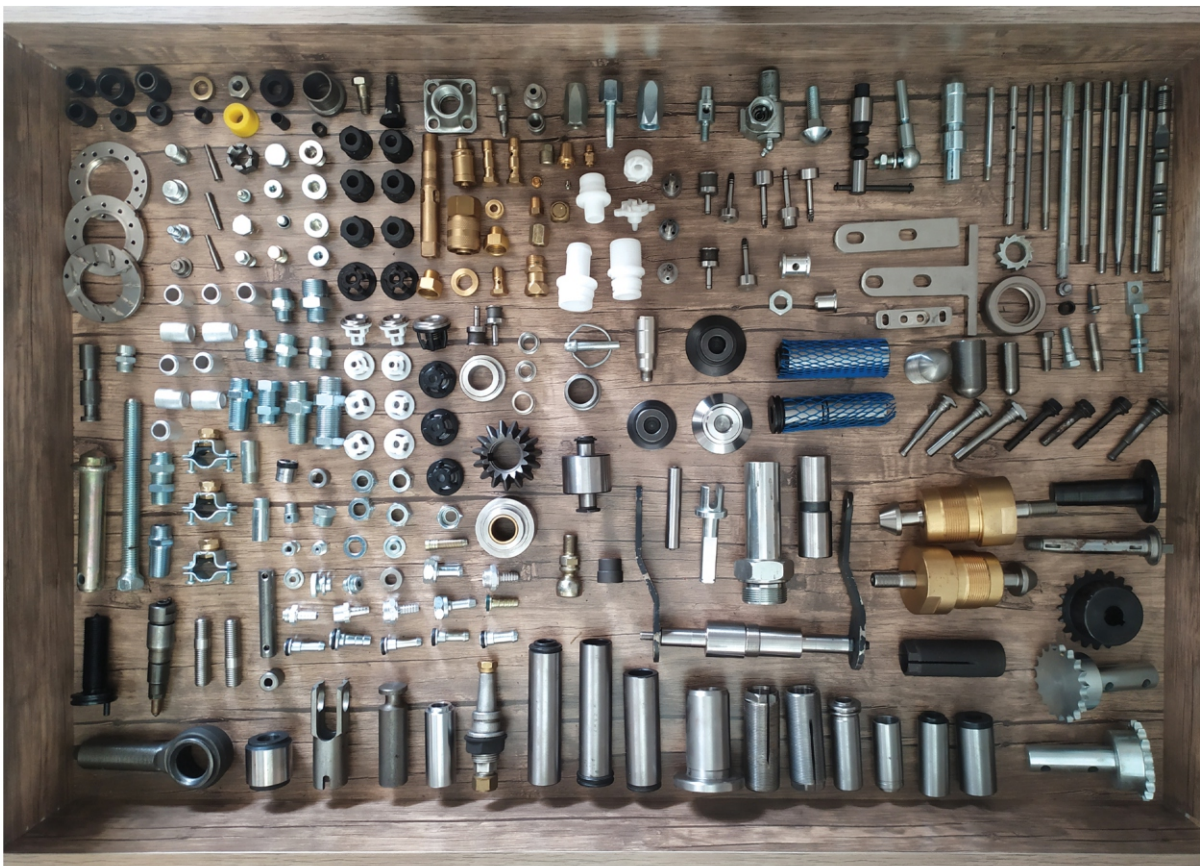

## “Product Groups”

### ***CNC turning services for branches:***

- Agricultural and Construction Machinery
- Automotive Industry
- Crane and Lifting Technology,
- Mechanical and Plant Engineering
- Logistics and Warehouse Technology
- And many more

### ***Materials:***

- Carbon steels
- Tempered steels
- Case-hardening steels
- Rust and Acid resistant steels
- Free cutting steels
- Aluminum
- Bronze
- Brass
- PVC, PE, PP, POM
- PA, PTFE

“

## “Current Status”

### **Employee:**

Administrative:  
8 employees

Production:  
27 employees

### **Production Area:**

1000 m<sup>2</sup>

### **Location:**

Fevzi Çakmak Mh. Kobisan 3  
Sanayi Sitesi Sıla Cd. No:73/AC  
Karatay / Konya / Türkiye

### **Machinery and Equipment:**

17 Machines, 3 Bandsaw and  
3 Drills and other equipment

## “Machine Park”

**Handoperated (manual inserted parts) CNC Lathe: 6 x**  
**Ø: min. 3 mm / max. 300-350 mm,**  
**Length: min. 3 mm / max. 450-500 mm**

**CNC Lathe with Bar feeder: 6 x**  
**Ø: min. 3 mm / max. 40 mm,**  
**Length: min. 1 mm / max. 200 mm**

**Mechanical Lathe: 5 x**  
**Ø: min. 1 mm / max. 25-40 mm,**  
**Length: min. 1 mm / max. 50 mm**

## “Turnover”

2021 Total  $\approx$  1.100.000 \$  
2022 Estimated  $\approx$  1.350.000 \$ (end of Q3 1.1 Mio \$)  
2023 Goal  $\approx$  26% estimated growth

### Turnover by branch:

Agriculture: 40%

Automotive: 30%

Machine: 20%

Others: 10%

## “Contact”

**Alaattin ALTAN: CEO**

**Finance:** İsmail ALTAN, B.Sc. International Trade,  
B.Sc.: Trade and Logistics Management  
Phone: +90 332 248 15 10 , E-mail: [info@alisra.com.tr](mailto:info@alisra.com.tr)

**Human Resources:** Rabia ALTAN TEKİN,  
B.SC.: Psychological Counseling and Guidance,  
M.Sc. Human Resources and Social Security.  
Phone: +90 332 248 15 10, E-mail: [ik.alisraotomotiv@gmail.com](mailto:ik.alisraotomotiv@gmail.com)

**Accounting:** Şevket YILDIRIM, Financial Advisor,  
M.Sc.: Accounting and Tax Audits  
Phone: +90 332 248 15 10 , E-mail: [info@alisra.com.tr](mailto:info@alisra.com.tr)

**Production Chief:** Metin YILMAZER. Technical Manager  
Phone: +90 332 248 15 10 , E-mail: [info@alisra.com.tr](mailto:info@alisra.com.tr)

**International Sales Manager:** Ramazan ÇAĞLAR. B.Sc. : Economy  
Phone: +90 332 248 15 10 , Mobile: +90 531 727 25 16  
Email: [export@alisra.com.tr](mailto:export@alisra.com.tr)

**Quality Control Manager:** Nurullah GÖKÜŞ. B.Sc.: Mechanical Engineering  
Phone: +90 332 248 15 10 , E-mail: [info@alisra.com.tr](mailto:info@alisra.com.tr)
